## CHAIRMAN'S MESSAGE

Dear Friends,

It gives me immense pleasure to welcome you all for the second Single theme single faculty workshop on 8<sup>th</sup> - 9<sup>th</sup> December 2017 at Hotel Westin, Pune.

The theme of this workshop is Laparoscopic Pelvic Anatomy and Endometriosis. The knowledge of Pelvic Anatomy is mandatory to perform advanced laparoscopic surgeries, especially endometriosis and difficult pelvic surgeries. Irrespective of the modality for surgery (Open, Laparoscopic, Single site or Robotic), the foundation of the procedure is anatomy.

Endometriosis is considered as one of the most difficult surgeries to be performed laparoscopically. The involvement of adjacent organs such as the rectum, bladder and the ureters is very common and poses additional challenge for the surgeon. The knowledge of basic anatomy is thus very essential to perform these surgeries.

This 2-day workshop is thus focussed on Pelvic Anatomy and tips and tricks of doing safe surgery in endometriosis. At the end of this workshop all the delegates will be able to understand and perform these surgeries in a better way.

Dr. Arnaud Wattiez is a world renowned Laparoscopic surgeon. Dr. Shailesh Puntambekar is known for his concepts in Pelvic Anatomy. These two experts will be conducting this course. Dr. Wattiez is the chief of IRCAD which is the leader in conducting training courses for laparoscopy in gynecology. Dr. Wattiez is known for his work on endometriosis involving bowel and ureters. He will be conducting first of this kind of training course in India. The two days course consists of Didactic lectures, live surgeries and an opportunity to see and assist Dr. Wattiez in the OR!

We are conducting a hands-on training course in Laparoscopic Radical Hysterectomy from 4th-7th December. Since there are limited seats please book your seat as early as possible.

Hope to see you for a great academic event with focus on Pelvic Anatomy and endometriosis. The course starts at 8.30 a.m. sharp and ends at 6.00 p.m. So please do not miss the opportunity to be with the best of best laparoscopic surgeon like Dr. Arnaud Wattiez! We at Galaxy are ready to welcome you.

# COMMITTEES
